

LOVITT RESOURCES ANNOUNCES CLOSING OF NON-BROKERED PRIVATE PLACEMENT

August 4, 2020 – Vancouver, Canada - Lovitt Resources Inc. (“Lovitt” or the “Company”) (TSXV-“LRC”) is pleased to report that it has closed the non-brokered private placement (the “**Private Placement**”) as previously announced on June 24, 2020.

Pursuant to the Private Placement, Lovitt issued 1,724,012 units (“**Units**”) of the Company at a price of C\$0.15 per Unit for gross proceeds of C\$258,602. The Company paid a finders’ fee on a portion of the Private Placement of 8.0% in the form of cash Haywood Securities Inc.

Each Unit is comprised of one Share and one full Warrant. Each full Warrant will be exercisable to acquire one common share of Lovitt at an exercise price of C\$0.25. The warrants will have an expiry date of six months from the date of issue. The Warrants are subject to an accelerated expiry date, which comes into effect when the trading price of the Company's common shares on the TSX Venture Exchange close at or above \$0.35 per common share for any five days over any period of seven consecutive trading days. If that event occurs, the Company will give an expiry acceleration notice to Warrant holders and the expiry date of the Warrants will be deemed to be 21 days from the date of the Notice.

All securities issued pursuant to the Private Placement will be subject to a four-month hold period under applicable Canadian securities laws. Net proceeds from the Private Placement will be used for general working capital and to finance a diamond drill program aimed at developing a gold and silver resource at our wholly-owned, former producing Lovitt Gold Mine in Wenatchee, WA.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”) or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About the Lovitt Gold Mine

The Lovitt Gold mine produced 420,000 oz of gold at an average grade of 0.40 oz/ton (13.7 gm/t) and 620,000 oz silver over a sixteen-year period, suspending operations in 1966 due to poor economics for gold when expenses were rising and the gold price was fixed. The adjoining Cannon mine to the north produced 1,200,000 oz of gold and 1,900,000 oz of silver between 1984 and 1995 at an average gold grade of 0.30 oz /ton (10.3 gm Au/t) with 180 employees vs 20 at the Lovitt Mine.

The Company has a substantial historic database of in-house and third-party diamond drill holes, geologic and working maps, and operational gold assays that precede 43-101. Currently compliant 43-101 drilling is required to develop a modern resource that may or may not be economic. Historic operational maps

with assays may be viewed at: <https://lovittresources.com/properties/lovitt-gold-mine/surface/> . This data will be invaluable in spotting future diamond drillholes, but it should be noted that all material at the link is historic, pre-dates 43-101, and therefore cannot be relied upon for investment purposes.

Cautionary Note Regarding Forward-Looking Information

This news release includes statements containing forward-looking information about the Company, its business and future plans ("forward-looking statements"). Forward-looking statements are frequently, but not always, identified by words such as "expects", "anticipates", "believes", "intends", "estimates", "potential", "possible", and similar expressions, or statements that events, conditions, or results "will", "may", "could", or "should" occur or be achieved. Forward-looking statements in this news release relate to, among other things completion of the Private Placement. Actual future results may differ materially. There can be no assurance that such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements reflect the beliefs, opinions and projections on the date the statements are made and are based upon a number of assumptions and estimates that, while considered reasonable by the respective parties, are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies. Many factors, both known and unknown, could cause actual results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward-looking statements and the parties have made assumptions and estimates based on or related to many of these factors. Such factors include, without limitation, the risk that the Company is not able to find suitable investors for the Private Placement or does not receive the approval of the TSX Venture Exchange. Readers should not place undue reliance on the forward-looking statements and information contained in this news release concerning these times. Except as required by law, the Company does not assume any obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change, except as required by law.
